

EASE Combination Packages

Being a Master Diagnostician is hard work, and sometimes you need a combination of tools to get the job done. Imagine how useful it would be if one tool allowed you to view comprehensive diagnostic data and scope signals side by side. Or using a different approach, provided you with the same level of diagnostic data and the ability to perform powertrain and body/chassis vehicle reprogramming. For the ultimate coverage, what about an all-in-one system that combines scanning, scoping and reprogramming? There's no need to imagine any longer!

With the EWINS (EASE Wireless INtegrated System) from EASE Diagnostics, we've created three systems that combine the power of our Award Winning PC Scan Tool, J2534 Universal Vehicle Reprogrammer and our PC Scope Software used with a PicoScope automotive oscilloscope to give you the most powerful diagnostic arsenal ever made! You can scan, scope and/or reflash using a single system - helping you make accurate vehicle repairs the first time. No tool will ever replace a Master Diagnostician - but EASE is working harder to help make your job easier.

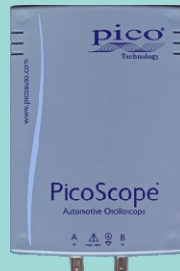

Great Add-On: Order a Laptop (Z-LAPTOP-1) from EASE with your EWINS package and the laptop will arrive with the EASE software installed and ready to go!

**Domestic & Asian
PC Scan Tool**

**Wireless Vehicle
Interface**

PC Scope

**J2534
Reprogrammer II**

PC Scan Tool & PC Scope Package

Order: EWINS-A-10

Includes OBD II Generic and Enhanced Domestic and Asian PC Scan Tool Package, Wireless Vehicle Interface and Automotive PC Scope Diagnostic Kit

PC Scan Tool & J2534 Reprogrammer II Package

Order: EWINS-B-10

Includes OBD II Generic and OBD II Enhanced Domestic and Asian PC Scan Tool Software and Wireless J2534 On-Board Reprogramming Kit

PC Scan Tool, J2534 Reprogrammer II & PC Scope Package

Order: EWINS-C-10

Includes OBD II Generic and OBD II Enhanced Domestic and Asian PC Scan Tool Software, Wireless J2534 On-Board Reprogramming Kit and Automotive PC Scope Diagnostic Kit.
